EDUCATION:

Chennai Institute Of Technology - Artificial Intelligence and Data Science

Nov 2022 – May 2026

- **CGPA:** 8.5/10 – **Coursework:** Operating System, Web-Frameworks, Data structures and Algorithms, Computer Networks, Artificial Intelligence, Machine Learning, DevOps, DataBase Management System

WORK EXPERIENCE:

Full stack Developer Intern - KaizenSpark Tech Pvt.Ltd

May 2024 – Aug 2024

- Improved KaizenSpark's portfolio site by 83% in load time and user experience through performance optimization.
- Collaborated in a team of 5 developers to implement new features and conduct performance tuning across the stack.
- Resolved 95% of reported bugs, enhancing overall code quality and significantly improving debugging efficiency.
- Gained hands-on experience in full-stack development, strengthening technical thinking and team collaboration.

Frontend Developer Intern - Coders Cave

Oct 2023 – Nov 2023

- Dedicated 70% of the internship to hands-on project development, gaining practical exposure to web technologies and tools.
- Completed 3 diverse real-world projects, applying core concepts of frontend development in environments.
- This experience significantly enhanced web development skills, practical expertise, and understanding of industry practices.

PROJECTS:

Bike rental system website | *ReactJS, ExpressJS, NodeJS, MongoDB, Tailwind CSS, N8N*

- A web-based bike rental system that allows users to easily browse, reserve, and manage rentals with seamless functionality.
- Integrated n8n for chatbot workflows and automated email notifications, enhancing customer engagement and efficiency.
- Developed an admin dashboard to manage 200+ bikes, including tools for inventory control, rental tracking system.
- **Github link:** <https://github.com/Nandhakishore23/Bike-rental-system>

FreelanceHub | *Next.js, Tailwind CSS, Prisma, MongoDB*

- Built a scalable full-stack application enabling 1000+ users to discover, manage, and collaborate on freelancing.
- Integrated OAuth (GitHub, Google) for faster authentication and recommendations, improved job matches by 70%.
- Developed real-time chat using WebSockets and optimized MongoDB search, handling 5000+ daily interactions.
- **Github link:** <https://github.com/Nandhakishore23/FreelanceHub>

Smart Task Management System | *React (Vite), Tailwind CSS, Node.js, Express.js, MongoDB, JWT.*

- MERN stack task management system with real-time updates, secure authentication for efficient team collaboration.
- Built a MERN stack task manager with 3 user roles, real-time updates and a fully responsive UI for all devices.
- Achieved high task accuracy using secure JWT-based authentication, improving overall team efficiency and system uptime.
- **Github link:** <https://github.com/Nandhakishore23/Task-Management-System>

SKILLS:

- **Languages:** JAVA, Python, SQL, JavaScript, Typescript, HTML, CSS.
- **Web-Framework:** React.js, Node JS, Express.js, Next.js, Vite, Bootstrap, Tailwind CSS, Transformers.
- **Software & tools:** Git and Github, Docker, Figma, PostMan, Linux, VS Code, Hugging Face, N8N, MySQL workbench.
- **Database and Cloud:** MongoDB, MySQL, XAMPP, SQLite, Vercel, Render, PrismaDB, AWS.

CERTIFICATIONS:

- Cloud Computing - NPTEL
- IBM Full Stack Development
- Introduction to MongoDB
- Web Development Bootcamp
- Programming in Python
- Google cloud fundamentals
- ZScaler cloud fundamentals
- Introduction to LLMs - NPTEL

CODING PROFICIENCY:

- **Leetcode:** Solved 760+ problem, Max rating 1570, Badge 6, ranked top 27.15% globally, with global rank 43,048.
- **Codechef:** Achieved a contest rating of 1300+ and successfully maintained a consistent daily streak of over 300 days.
- **GeeksforGeeks:** College rank 99 with a coding score of 276 on GeeksforGeeks, reflecting performance in coding challenges.

ACHIEVEMENTS:

- **Spidy Bot Competition, Sairam Engineering College:** Third Prize with Rs.1,000 cash for developing an innovative chatbot.
- **Achieved Elite + silver Badge:** Completed NPTEL Cloud Computing certification with 84% with Elite+Silver, top 5% ranking
- **TN Police Hackathon Finalist:** Ranked among top 50 teams out of 500+, contributing to real-world cybersecurity solutions.
- **IIITDM Vashisht Pre-finalist:** Reached pre-final round of Bug Hunt by identifying and fixing code errors efficiently.

VOLUNTEERING:

- **Video Editing Team:** Actively volunteered as a member of the college symposium and contributed to video editing.
- **Tune Surfing Event:** Organized and managed the event, contributing to the success of the college symposium.
